REVIEW OF OPERATIONS

The period under review recorded an excess of income over expenditure of \$35,556. While the Company recorded an increase in revenues in excess of \$1,500,000, costs increased significantly in the areas of salaries and wages due to the restructuring of the organisation, and player payments and team costs. The year under review encompassed the successful staging of the Travellers v's True Blues series, screened nationally on commercial television, and our Olympic campaign.

STATE OF AFFAIRS

In the opinion of the Directors there were no significant changes in the state of affairs of the company that occurred during the financial year under review not otherwise disclosed in this report and the accounts.

EVENTS SUBSEQUENT TO BALANCE DATE

In the opinion of the Directors no matter or circumstance has arisen since the end of the financial year that has significantly affected or may significantly affect:-

- (i) the operations of the company;
- (ii) the results of those operations; or
- (iii) the state of affairs of the company, in financial years subsequent to this financial year.

LIKELY DEVELOPMENTS

The activities of the national teams and the expansion of the Ericsson Cup competition over the coming year will highlight Soccer Australia's continuing commitment to the development of the sport in Australia.

The national teams programs are in an exciting cycle. The Coca-Cola Under 17's, the Joeys, have the FIFA/JVC Cup in their sights. The Oceania qualification process is in New Zealand in April. The Under 17 World Championships will be held in Egypt in September, 1997.

The Coca-Cola Under 20 team, the Young Socceroos are also moving along the path to their World Championships. The Young Socceroos' target is the World Youth Championships in Malaysia in June and July of next year.

At the end of the World Youth titles, Soccer Australia will assemble the squad that will form the foundation of the Olyroos for the Sydney Olympic Games.

For the Coca-Cola Socceroos, the target of a berth in the 1998 World Cup in France remains firmly in focus. Terry Venables appointment as National Coach, an event reported

worldwide, has added immense momentum to the Socceroos' campaign for France.

The road to the World Cup finals begins with the selection of the squad after the expatriate Australians play the local stars in the Superstars Series in late May. This event, a television ratings success in its inaugural year, will become a Socceroo selection stage in its second year.

The Socceroos face the Oceania Qualifiers for World Cup 98 in June, 1997.

Australia's longest running national football league, the Ericsson Cup, continues its evolution.

The Carlton Soccer Club will follow the lead of Collingwood Soccer Club and join the Ericsson Cup for the 1997-98 season. Soccer Australia continues to field calls from sports clubs and individuals keen to take a place in the Cup.

Off the field, the Referees Department is investigating technology to allow two-way communication between referee and linesmen while the Coaching and Development Office is coordinating a national approach to training children.

INDEMNIFICATION AND INSURANCE OF OFFICERS OR AUDITORS

The Company has not, during or since the financial year, in respect of any person who is or has been an officer or auditor of the Company or a related body corporate:-

- indemnified or made any relevant agreement for indemnifying against a liability incurred as an officer, including costs and expenses in successfully defending legal proceedings; or
- paid or agreed to pay a premium in respect of a contract insuring against a liability incurred as an officer for the costs or expenses to defend legal proceedings.

The statements of cash flows are to be read in conjunction with the accompanying notes which form part of the accounts.

1.SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial accounts of the economic entity have been drawn up in accordance with applicable Accounting Standards, Urgent Issues Group Consensus Views, the requirements of the Corporations Law and the provisions of Schedule 5 to the Corporations Regulations. They have been prepared on the basis of historical costs and do not take into account changing money values or, except where stated, current valuations of non-current assets. The accounting policies have been consistently applied.

Set out below is a summary of the significant accounting policies adopted by the economic entity in the preparation of the accounts.

Principles of Consolidation

The consolidated accounts of the economic entity include the accounts of the Federation, being the chief entity, and its controlled entities.

Where an entity either began or ceased to be controlled during the year, the results are included only from the date control commenced or up to the date control ceased. The controlled entity included in the consolidated accounts was dormant during the year.

The balances, and effects of transactions, between controlled entities included in the consolidated accounts have been eliminated.

Non-current Assets

The carrying amounts of all non-current assets are reviewed at least annually to determine whether they are in excess of their recoverable amount. If the carrying amount of a non-current asset exceeds the recoverable amount, the asset is written down to the lower value. In assessing recoverable amounts the relevant cash flows have not been discounted to their present values.

Depreciation and Amortisation of Non-Current Assets

Depreciation has been charged on fixed assets at rates assessed to match the cost of each of the assets over their estimated economic life.

Income Tax

No provision has been made for income tax as the economic entity is exempt in accordance with the terms of Section 23 (g)(iii) of the Income Tax Assessment Act, 1936, as amended.

Employee Benefits

Provision is made for employee entitlement benefits accumulated as a result of employees rendering services up to the reporting date. These benefits include wages and salaries, annual leave, long service leave and vested sick leave.

Liabilities arising in respect of wages and salaries, annual leave and any other employee entitlements expected to be settled within twelve months of the reporting date are measured at their nominal amounts. All other employee entitlement liabilities are measured at the present value of the estimated future cash outflows to be made in respect of services provided by employees up to the reporting date. In determining the present value of future cash outflows, the interest rates attaching to government guaranteed securities which have terms to maturity approximating the terms of the related liability are used.

In determining the liability for employee entitlements, consideration has been given to future increases in wage and salary rates, and the economic entity's experience with staff departures. Related on-costs have also been included in the liability.

Leased Non-Current Assets

A distinction is made between finance leases which effectively transfer from the lessor to the lessee substantially all the risks and benefits incident to ownership of non-current assets and operating leases under which the lessor effectively retains all such risks and benefits. Where non-current assets are acquired by means of finance leases, the present value of minimum lease payments is established as an asset at the beginning of the lease term and amortised on a straight line basis over its expected economic life. A corresponding liability is also established and each lease payment is allocated between such liability and interest expense. Operating lease payments are charged to expense in the periods in which they are incurred.

Company Limited By Guarantee

Every member of the company undertakes in accordance with the Memorandum of Association of the company to contribute such amount (not exceeding \$20.00) as may be required in the event of the winding up of the company during the time that they are a member or within one year afterwards.
